LAKE · GEAUGA · SUMMIT

2017-2018 Collaborative Offerings
THE ESC LEARNING ALLIANCE

We at Summit ESC are excited to join with the Lake and Geauga County ESCs as part of The ESC Learning Alliance! We see opportunities to:

- Improve teaching and learning for students through the use of proactive and dynamic leadership
- Increase value, cost-benefits and resources for school districts and partner ESCs
- Identify, acquire and share resources to attract well-known national speakers
- Share expertise of both content and program specialists
- Facilitate meetings to foster meaningful relationships with professional peers

We see these items are a great “fit” with the goals established by the Geauga-Lake-Auburn Collaborative related to leveraging of resources, providing quality professional development, and designing opportunities for collaborative relationships. I look forward to meeting and getting to know all of you as we move forward with this promising initiative!

Joe Iacano, Superintendent
Summit ESC

Geauga County ESC is extremely excited for our partnership with both Lake and Summit counties. We want to offer a shared service model that is both cost effective and solidifies high quality service delivery for our students, school districts, and communities in Northeast Ohio.

Our mission and vision for the future is for the Learning Alliance to improve, sustain, and advance high quality educational services and programming for members of the collaborative.

We look forward to building stronger relationships and offering a variety of innovative programs and services that all of our schools will embrace for a brighter future.

Jennifer Felker, Superintendent
Geauga ESC

Hello everyone and thank you all for your support of expanding our ESC partnership with the goal of providing better services to the districts in our region of Ohio.

As public officials we are charged with providing high quality services for the best price possible. By pooling talent, programs, and business models, we can save districts dollars to allow for more resources to be used in the areas that are of the greatest need for your district.

The Learning Alliance partnership will create additional opportunities for collaboration and idea sharing. As ESCs, we will step in and develop solutions, explore options, and serve as thought leaders to assist in solving these complex problems.

Brian Bontempo, Superintendent
Lake ESC

For the most up-to-date information, please check our websites.

Additional updates will be distributed throughout the year.
DESMOS IN THE MS/HS MATH CLASSROOM

When: October 13, 2017; 8:30-3:00
Credit: 5.5 Contact Hours
Cost: $75.00
Description: Desmos will be the required calculator for state testing. This amazing tool offers access to graph functions, plot data, evaluate equations, explore transformations, and much more – for free! This session will introduce teachers to the classroom possibilities of exploring mathematics through this resource. In addition to the graphing calculator functionality, Desmos provides already created student investigation and the opportunity for teachers to create their own activity.
Location: Auburn Career Center

UPCOMING LEARNING ALLIANCE OPPORTUNITIES: MATH

Implementing the GAISE Model in Mathematics Classrooms

When: Part 1: October 26, 2017; 8:30-3:00; Part 2: January 29, 2018; 8:30-3:00
Credit: 11 Contact Hours
Cost: $150.00
Description: Ohio’s Learning Standards has added specific reference to the GAISE Model in grades 6-8. In this session, participants will examine this progression of statistical learning, the implications for classroom, and explore the essential understandings of each of the CAF in grades 6-8 and explore tasks and pedagogy that will lead to student understanding and skill development.
Location: Auburn Career Center

Understanding the Critical Areas of Focus for Intermediate Grades Mathematics

When: Part 1: November 3, 2017; 8:30-3:00
Part 2: January 31, 2018; 8:30-3:00
Credit: 11 Contact Hours
Cost: $150.00
Description: Participants will explore the essential understandings of each of the CAF in grades K-5 and explore tasks and pedagogy that will lead to student understanding and skill development. Time will be spent investigating the Ohio’s Learning Standards both for Content and Practices, instruction strategies to enhance student understanding, and application to assessments.
Location: Auburn Career Center

STEMming Up to the Challenge: Implementing Science and Engineering Practices Gr. 3-5

When: November 14, 2017; 8:30-3:30
Credit: 6 Contact Hours
Cost: $150.00
Description: Participants will:
- Examine the global STEM crisis and explain why it is critical to generate and address STEM initiatives in districts
- Actively engage in hands-on, minds-on experiences that demonstrate engineering and applications of science
- Receive resources that utilize three-dimensional learning, engineering and design processes, and problem-based challenges to support STEM-centered classrooms
Location: Auburn Career Center

STEMming Up to the Challenge: Implementing Science and Engineering Practices Gr. 6-8

When: November 15, 2017; 8:30-3:30
Credit: 6 Contact Hours
Cost: $150.00
Description: Participants will:
- Examine the global STEM crisis and explain why it is critical to generate and address STEM initiatives in districts
- Actively engage in hands-on, minds-on experiences that demonstrate engineering and applications of science
- Receive resources that utilize three-dimensional learning, engineering and design processes, and problem-based challenges to support STEM-centered classrooms
Location: Auburn Career Center

SMATH (A Little Bit of Science, A Whole Lotta Math!)

When:
- Kindergarten: November 29, 2017; 8:30-3:30
- Grade 1: November 30, 2017; 8:30-3:30
- Grade 2: December 1, 2017; 8:30-3:30
Credit: 6 Contact Hours
Cost: $150.00
Description: Participants will:
- Investigate the content of Ohio’s Learning Standards in-depth
- Explore using the 5 E’s for developing science lessons and the 5 C’s for mathematics lessons
- Integrate mathematics and science using inquiry-based instruction
Location: Auburn Career Center

No Refunds on Workshop Registrations

Dr. Missi Zender-Sakach
Summit County ESC Science Consultant
Argument-Driven Inquiry Instructional Model, Grades 6-8

Date: September 26  
Time: 8:30-3:30  
Location: Summit ESC  
Cost: $190/Teacher PLUS $50 Materials Fee (includes One Argument-Driven Inquiry Module from National Science Teachers Association)

Participants will:
- Experience the Argument-Driven Inquiry (ADI) instructional model
- Engage in all eight stages of an actual ADI lab investigation from start to finish
- Reflect on experiences during the lab investigation and ask clarifying questions
- Analyze the limitations of typical laboratory instruction and why ADI can help all students develop the knowledge and skills they need to be proficient in science
- Determine how ADI is aligned with state and national standards for Science and English-Language Arts and explore ways to support students during each stage of the approach

Argument-Driven Inquiry Instructional Model, High School

Date: September 27  
Time: 8:30-3:30  
Location: Summit ESC  
Cost: $190/Teacher PLUS $50 Materials Fee (includes One Argument-Driven Inquiry Module from National Science Teachers Association)

Participants will:
- Experience the Argument-Driven Inquiry (ADI) instructional model
- Engage in all eight stages of an actual ADI lab investigation from start to finish
- Reflect on experiences during the lab investigation and ask clarifying questions
- Analyze the limitations of typical laboratory instruction and why ADI can help all students develop the knowledge and skills they need to be proficient in science
- Determine how ADI is aligned with state and national standards for Science and English-Language Arts and explore ways to support students during each stage of the approach
STEMming Up to the Challenge:
STEM Leadership Cadre

Focus for the Year:
To explore STEM partnerships with both public and private entities, including higher education and business/industry organizations
To establish working relationships with STEM colleagues in order to provide evidence of collaboration as is required by the Ohio Department of Education STEM School Designation application

Day One, September 12th, 2017: STEM Essentials
Site Visit - The PAST Innovation Lab, Columbus, Ohio
Holly Lavender, Ohio Department of Education, STEM Education Lead, Office of Innovation - STEM School Designation: What defines a STEM school?
Dr. Missi Zender-Sakach, Summit Educational Service Center - STEM Essentials: Science and Engineering Practices
Creation of STEM Action Goals/Plans
Evening STEM Dinner Reception - Using Handheld Technology to Enhance STEM Education (Sponsored by Texas Instruments)
Overnight Stay: Nationwide Hotel and Conference Center, Lewis Center, Ohio

Day Two, September 13th, 2017: The Maker Movement
Site Visit - A Community of Makers, the Ultimate Makerspace: Columbus Idea Foundry, Columbus
National Speaker, Alex Bandar - How Can Schools Engage with the Maker Movement?
Hands-on Maker Experience

Day Three, October 3rd, 2017: Business and Industry Collaboration
Site Visit and STEM Professional Shadowing: Bridgestone Americas, Inc., Akron
Chad Saylor, Project Engineer, 3D Model Engineering, Bridgestone Americas Tire Operations, Product Development Group - Brainstorming, Collaboration and Lesson Development: Maintaining Partnerships in the Classroom

Day Four, December 7th (Snow Date: December 18th), 2017: Higher Education Collaboration
Site Visit: The University of Akron, Akron Global Polymer Academy, Polymer Engineering Academic Center
Mr. John Fellenstein, The University of Akron, College of Polymer Science and Polymer Engineering - Polymer Engineering and Biomimicry

Day Five, February 6 (Snow Date: February 13th), 2018: Professional Organizations in the STEM Community
Site Visits: Various Local Sites - Focusing on The Compounding and Testing of Elastomers
Christie Robinson, Rubber Division, American Chemical Society
Reflections on Action Goals/Plans and Summer/Year Two Recommendations

COST: $600/Educator (Includes: Materials, Meals and Hotel Overnight)
To register, please contact SALLY GIBSON AT SallyG@summitesc.org. She will need the names of the teachers attending and their grade/position within district. Graduate credit will be available at an additional cost from Ashland University.
Integrating Units: Social Studies and ELA Grade 3

When: November 9, 2017; 8:30-3:30
Credit: 6 Contact Hours
Cost: $75.00
Description:
In this workshop, participants will learn how to integrate units between language arts and social studies and develop AIR-assessment questions for Grade 3.
Location: Auburn Career Center

Integrating Units: ELA and American History

When: October 24, 2017; 8:30-3:30
Credit: 6 Contact Hours
Cost: $75.00
Description:
In this workshop, participants will learn how to integrate units between American History and high school English and develop AIR-assessment questions for Grades 9-11.
Location: Auburn Career Center

Leveled Literacy Intervention Training (LLI)

When:
Grades K-2: September 21st, 8:30-3:30 & October 13 (AM Only 8:30-11:00)
Grades 3-6: September 22nd, 8:30-3:30 & October 13 (PM Only 12:30-3:00)
Credit: 8 Contact Hours
Cost: $115.00 (includes lunch for day 1)
Description: For detailed information go to:
http://summitesc.org
Location: Summit ESC

No Refunds on Workshop Registrations
Questions Regarding Registration?

Debbie Theirl, Summit ESC ELA Consultant
Patricia Clayton, Summit ESC Social Studies Consultant
Calkins Writing Units of Study Mini-Institute

Grades K-2: Sept.27, 2017
Grades 3-8: Sept.28, 2017

Time: 8:30—3:00 PM
Registration: 8:00—8:30 AM

Location:
Summit ESC
420 Washington Ave.
Cuyahoga Falls, OH 44221

Cost: $99.00 per person
Lunch Provided

- Must bring your Units of Study Kit and information planning materials

To Register: Holly Schmunk
hollys@summitesc.org or Call (330) 945-5600 x 511270

Presenter:
Erin Donelson, Growing Educators’ Senior Staff Developer, California

- Former classroom teacher and literacy coach in Los Angeles and Washington DC
- Trained under Lucy Calkins, Katherine Bomer and Kathie Collins, Teachers College Reading and Writing Project, Columbia University

One-Day Training Description:

Intensive unpacking and demonstration of the writing series’ unit of study with a focus on effective workshop instruction components including demonstrations with students.

Participants will:

- Deepen understanding of designing and implementing an information unit plan which includes teaching points and assessment criteria.
- Practice analyzing student work and developing mini-lessons based on student samples and mentor texts.
Yoga and Mindfulness in the Classroom: Tools to Improve Self-Regulation, Learning and Classrooms Climate

Date: November 2, 2017  
Time: 8:30-3:30  
Location: Summit ESC  
Cost: $140/Educator PLUS $35/Educator Materials Fee  
Audience: All teachers  
Description: Teachers will engage in Yoga 4 Classrooms, an evidence-informed yoga and mindfulness education training for professionals who support youth education and students’ well-being. Participants will experience simple and effective strategies that promote resilience, positive perceptions, good health habits and mindful awareness, empowering children to excel at school, home and in life. Teachers will also explore ways to share the transformative gifts of yoga in schools and communities. No Refunds on Workshop Registrations.  
Questions Regarding Registration?  
Contact Sally Gibson at 330-945-5600

Arts Assessment Literacy: Adequately Measuring Progress

Date: March 7, 2018  
Time: 8:30-3:00  
Location: Summit ESC  
Cost: $80/educator  
Audience: Art, Theatre, Visual Arts, Music Teachers  
Description: High-quality assessments are an integral part of measuring and monitoring student growth. Currently, there is a critical need for solid growth measures in the arts. And, as high-quality vendor assessments are not available, arts educators across Ohio are left to develop measures, often in isolation and without adequate assessment literacy. In this interactive session, teachers will learn how to prioritize fine arts standards, align assessments with standards and DOK, plan, and create assessments. No Refunds on Workshop Registrations.  
Questions Regarding Registration?  
Contact Holly Schmunk at 330-945-5600.
UPCOMING LEARNING ALLIANCE OPPORTUNITIES: STATE REPORT CARD

Report Card Series—Summit ESC

October 10: Achievement
November 1: Gifted
December 5: K-3 Literacy
January 10: Progress
February 6: Gap Closing
March 6: Grad Rate
April 11: Prepared for Success

All meetings are from 8:30—10:30 A.M.

Registration: Contact Sally Gibson at 330-945-5600 or check www.summitesc.org.
Location: Summit ESC

This free series is facilitated by Superintendent Jennifer Felker, former Assistant Superintendent of the Ohio Department of Education. It is designed for administrators and relevant teachers to learn strategies to analyze state report card data as well as strategies on how to improve various components. SDC access is strongly recommended.

Report Card Series—Lake and Geauga

October 19: Achievement
November 28: Gifted
December 13: K-3 Literacy
January 17: Progress
February 27: Gap Closing
March 27: Grad Rate
April 11: Prepared for Success

All meetings are from 8:30—10:30 A.M.

Registration: Contact Geauga ESC at 440-279-1700
Location: Auburn Career Center
UPCOMING LEARNING ALLIANCE OPPORTUNITIES: GIFTED

**Gifted Professional Development Series: Lake and Geauga**

**Location:** Auburn Career Center

- September 28: Simple differentiation strategies to support gifted children
- November 16: Curriculum compacting and independent studies: strategies to challenge gifted children
- January 18: Technology tools to support differentiation for gifted children
- March 15: Planning curriculum for gifted children

**Credit:** 6 Contact Hours

**Cost:** FREE

**Description:** Four-part professional learning series to help support gifted learners.

Please contact 440-279-1700 for registration.
