

COLLEGE VISIT APPLICATION

Visiting colleges can be a very important factor in the decisions a student makes regarding college applications. For a college visit to be meaningful, it is important that an appointment be arranged with a member of the admissions staff to assure full information can be obtained. College visits often can be scheduled during vacation periods. Occasionally, visits must be scheduled on a school day. Such an absence can be excused IF the following procedures are followed in arranging the visit:

1. **Schedule an appointment with the College Admissions Office- Your absence is only excused if you have a scheduled appointment.**
 2. Return the parental permissions slip to your counselor **one-week prior to your visit.**
 3. Assume responsibility for all schoolwork missed.
