

Fairport Harbor Exempted Village Schools

Parent Emergency Notification and School Closing Procedures

August 21, 2017

Dear Parents,

As staff and students return to school this year, Ohio law requires schools to inform parents of how they will be notified of hazardous weather or an emergency affecting the school. Parents and guardians within the Fairport Harbor Exempted Village Schools will receive alerts through **Infinite Campus Messenger**, which includes phone calls, text messages and emails.

Due to the fact that this system is used for other messages, EMERGENCY messages will be prefaced by the words: *"This is an Emergency Notification from the Fairport Harbor Schools."*

Inclement weather notices will be prefaced by the words: *"This is a School Closure Weather Notice from the Fairport Harbor Schools."*

The best way to ensure your contact information is correct and that you receive timely notification, is to **log into your Infinite Campus Account** and check your contact phone number(s) and email address. If you are uncertain how to access your IC account, please contact the main office of your child's school.

Thank you,

Mr. Fazekas
Mrs. Fischer
