HISTORY FORM

Note: Complete and sign this form (with your parents if younger than 18) before your appointment.

Name: _____ Date of birth: _____ Grade in School: _____

Date of examination: _____ Sport(s): _____

Sex assigned at birth (F, M, or intersex): _____ How do you identify your gender? (F, M, or other): _____

List past and current medical conditions: _____

Have you ever had surgery? If yes, list all past surgical procedures: _____

Medicines and supplements: List all current prescriptions, over-the-counter medicines, and supplements (herbal and nutritional): _____

Do you have any allergies? If yes, please list all your allergies (i.e., medicines, pollens, food, stinging insects): _____

Patient Health Questionnaire Version 4 (PHQ-4)
Over the last 2 weeks, how often have you been bothered by any of the following problems? (Circle response.)

	Not at all	Several days	Over half the days	Nearly every day
Feeling nervous, anxious, or on edge	0	1	2	3
Not being able to stop or control worrying	0	1	2	3
Little interest or pleasure in doing things	0	1	2	3
Feeling down, depressed, or hopeless	0	1	2	3

(A sum of ≥3 is considered positive on either subscale [questions 1 and 2, or questions 3 and 4] for screening purposes.)

GENERAL QUESTIONS (Explain "Yes" answers at the end of this form. Circle questions if you don't know the answer.)		
	Yes	No
1. Do you have any concerns that you would like to discuss with your provider?		
2. Has a provider ever denied or restricted your participation in sports for any reason?		
3. Do you have any ongoing medical issues or recent illness?		
HEART HEALTH QUESTIONS ABOUT YOU		
	Yes	No
4. Have you ever passed out or nearly passed out during or after exercise?		
5. Have you ever had discomfort, pain, tightness, or pressure in your chest during exercise?		
6. Does your heart ever race, flutter in your chest, or skip beats (irregular beats) during exercise?		
7. Has a doctor ever told you that you have any heart problems?		
8. Has a doctor ever requested a test for your heart? For example, electrocardiography (ECG) or echocardiography.		

HEART HEALTH QUESTIONS ABOUT YOU (CONTINUED)		
	Yes	No
9. Do you get light-headed or feel shorter of breath than your friends during exercise?		
10. Have you ever had a seizure?		
HEART HEALTH QUESTIONS ABOUT YOUR FAMILY		
	Yes	No
11. Has any family member or relative died of heart problems or had an unexpected or unexplained sudden death before age 35 years (including drowning or unexplained car crash)?		
12. Does anyone in your family have a genetic heart problem such as hypertrophic cardiomyopathy (HCM), Marfan syndrome, arrhythmogenic right ventricular cardiomyopathy (ARVC), long QT syndrome (LQTS), short QT syndrome (SQTS), Brugada syndrome, or catecholaminergic polymorphic ventricular tachycardia (CPVT)?		
13. Has anyone in your family had a pacemaker or an implanted defibrillator before age 35?		

COVID-19 QUESTIONS ABOUT YOU	Yes	No
14. Have you had COVID-19 or tested positive for COVID-19?		
15. If answered yes, when did you have/test positive for COVID-19?		
16. If answered yes, have you had any ongoing medical issues secondary to COVID-19?		
17. If answered yes, were you cleared by a health care provider following the diagnosis to return to sport activity?		
18. Has a physician ever denied or restricted your participation in sports for reasons related to COVID-19?		
19. If answered yes, please state reasoning:		
20. Have you been vaccinated for COVID-19?		
21. Please list date(s) of vaccine(s), if applicable:		
BONE & JOINT QUESTIONS	Yes	No
22. Have you ever had a stress fracture or an injury to a bone, muscle, ligament, joint, or tendon that caused you to miss a practice or game?		
23. Do you have a bone, muscle, ligament, or joint injury that bothers you?		
MEDICAL QUESTIONS	Yes	No
24. Do you cough, wheeze, or have difficulty breathing during or after exercise?		
25. Are you missing a kidney, an eye, a testicle (males), your spleen, or any other organ?		
26. Do you have groin or testicle pain or a painful bulge or hernia in the groin area?		
27. Do you have any recurring skin rashes or rashes that come and go, including herpes or methicillin-resistant <i>Staphylococcus aureus</i> (MRSA)?		
28. Have you had a concussion or head injury that caused confusion, a prolonged headache, or memory problems?		
29. Have you ever had numbness, had tingling, had weakness in your arms or legs, or been unable to move your arms or legs after being hit or falling?		
30. Have you ever become ill while exercising in the heat?		
31. Do you or does someone in your family have sickle cell trait or disease?		
32. Have you ever had, or do you have any problems with your eyes or vision?		

MEDICAL QUESTIONS (CONTINUED)	Yes	No
33. Do you worry about your weight?		
34. Are you trying to or has anyone recommended that you gain or lose weight?

I have examined the student named on this form and completed the preparticipation physical evaluation. The athlete does not have apparent clinical contraindications to practice and can participate in the sport(s) as outlined on this form. A copy of the physical examination findings is on record in my office and can be made available to the school at the request of the parents. If conditions arise after the athlete has been cleared for participation, the physician may rescind the medical eligibility until the problem is resolved and the potential consequences are completely explained to the athlete (and parents or guardians).

PREPARTICIPATION PHYSICAL EVALUATION | 2021-2022

THE STUDENT SHALL NOT BE CLEARED TO PARTICIPATE IN INTERSCHOLASTIC ATHLETICS
UNTIL THIS FORM HAS BEEN SIGNED AND RETURNED TO THE SCHOOL

OHSAA AUTHORIZATION FORM | 2021-2022

I hereby authorize the release and disclosure of the personal health information of _____ ("Student"), as described below, to _____ ("School").

The information described below may be released to the School principal or assistant principal, athletic director, coach, athletic trainer, physical education teacher, school nurse or other member of the School's administrative staff as necessary to evaluate the Student's eligibility to participate in school sponsored activities, including but not limited to interscholastic sports programs, physical education classes or other classroom activities.

Personal health information of the Student which may be released and disclosed includes records of physical examinations performed to determine the Student's eligibility to participate in school sponsored activities, including but not limited to the Pre-participation Evaluation form or other similar document required by the School prior to determining eligibility of the Student to participate in classroom or other School sponsored activities; records of the evaluation, diagnosis and treatment of injuries which the Student incurred while engaging in school sponsored activities, including but not limited to practice sessions, training and competition; and other records as necessary to determine the Student's physical fitness to participate in school sponsored activities.

The personal health information described above may be released or disclosed to the School by the Student's personal physician or physicians; a physician or other health care professional retained by the School to perform physical examinations to determine the Student's eligibility to participate in certain school sponsored activities or to provide treatment to students injured while participating in such activities, whether or not such physicians or other health care professionals are paid for their services or volunteer their time to the School; or any other EMT, hospital, physician or other health care professional who evaluates, diagnoses or treats an injury or other condition incurred by the student while participating in school sponsored activities.

I understand that the School has requested this authorization to release or disclose the personal health information described above to make certain decisions about the Student's health and ability to participate in certain school sponsored and classroom activities, and that the School is not a health care provider or health plan covered by federal HIPAA privacy regulations, and the information described below may be redisclosed and may not continue to be protected by the federal HIPAA privacy regulations. I also understand that the School is covered under the federal regulations that govern the privacy of educational records, and that the personal health information disclosed under this authorization may be protected by those regulations.

I also understand that health care providers and health plans may not condition the provision of treatment or payment on the signing of this authorization; however, the Student's participation in certain school sponsored activities may be conditioned on the signing of this authorization.

I understand that I may revoke this authorization in writing at any time, except to the extent that action has been taken by a health care provider in reliance on this authorization, by sending a written revocation to the school principal (or designee) whose name and address appears below.

Name of Principal: _____

School Address: _____

This authorization will expire when the student is no longer enrolled as a student at the school.

NOTE: IF THE STUDENT IS UNDER 18 YEARS OF AGE, THIS AUTHORIZATION MUST BE SIGNED BY A PARENT OR LEGAL GUARDIAN TO BE VALID. IF THE STUDENT IS 18 YEARS OF AGE OR OVER, THE STUDENT MUST SIGN THIS AUTHORIZATION PERSONALLY.

PREPARTICIPATION PHYSICAL EVALUATION | 2021-2022

2021-2022 Ohio High School Athletic Association Eligibility and Authorization Statement

This document is to be signed by the participant from an OHSAA member school and by the participant's guardian

 I have read, understand and acknowledge receipt of the [OHSAA Student Eligibility Guide and Checklist](https://www.ohsaa.org/Portals/0/Eligibility/OtherEligibilityDocs/EligibilityGuideHS.pdf) <https://www.ohsaa.org/Portals/0/Eligibility/OtherEligibilityDocs/EligibilityGuideHS.pdf> which contains a summary of the eligibility rules of the Ohio High School Athletic Association. I understand that a copy of the *OHSAA Handbook* is on file with the principal and athletic administrator and that I may review it, in its entirety, if I so choose. All OHSAA bylaws and regulations from the *Handbook* are also posted on the OHSAA website at [ohsaa.org](https://www.ohsaa.org).

 I understand that an OHSAA member school must adhere to all rules and regulations that pertain to the interscholastic athletics programs that the school sponsors, but that local rules may be more stringent than OHSAA rules.

 I understand that participation in interscholastic athletics is a privilege not a right.

Student Code of Responsibility

 As a student athlete, I understand and accept the following responsibilities:

 I will respect the rights and beliefs of others and will treat others with courtesy and consideration.

 I will be fully responsible for my own actions and the consequences of my actions.

 I will respect the property of others.

 I will respect and obey the rules of my school and laws of my community, state and country.

 I will show respect to those who are responsible for enforcing the rules of my school and the laws of my community, state and country.

 I understand that a student whose character or conduct violates the school's Athletic Code or School Code of Responsibility is not in good standing and is ineligible for a period as determined by the principal.

 **Informed Consent** – By its nature, participation in interscholastic athletics includes risk of injury and transmission of infectious disease such as HIV and Hepatitis B. Although serious injuries are not common and the risk of HIV transmission is almost nonexistent in supervised school athletic programs, it is impossible to eliminate all risk. Participants have a responsibility to help reduce that risk. Participants must obey all safety rules, report all physical and hygiene problems to their coaches, follow a proper conditioning program, and inspect their own equipment daily. **PARENTS, GUARDIANS OR STUDENTS WHO MAY NOT WISH TO ACCEPT RISK DESCRIBED IN THIS WARNING SHOULD NOT SIGN THIS FORM. STUDENTS MAY NOT PARTICIPATE IN AN OHSAA-SPONSORED SPORT WITHOUT THE STUDENT'S AND PARENT'S/GUARDIAN'S SIGNATURE.**

 I understand that in the case of injury or illness requiring treatment by medical personnel and transportation to a health care facility, that a reasonable attempt will be made to contact the parent or guardian in the case of the student-athlete being a minor, but that, if necessary, the student-athlete will be treated and transported via ambulance to the nearest hospital.

 I consent to medical treatment for the student following an injury or illness suffered during practice and/or a contest.

 To enable the OHSAA to determine whether the herein named student is eligible to participate in interscholastic athletics in an OHSAA member school, I consent to the release to the OHSAA any and all portions of school record files, beginning with seventh grade, of the herein named student, specifically including, without limiting the generality of the foregoing, birth and age records, name and residence address of parent(s) or guardian(s), enrollment documents, financial and scholarship records, residence address of the student, academic work completed, grades received and attendance data.

 I consent to the OHSAA's use of the herein named student's name, likeness, and athletic-related information in reports of contests, promotional literature of the Association and other materials and releases related to interscholastic athletics.

 I understand that if I drop a class, take course work through College Credit Plus, Credit Flexibility or other educational options, this action could affect compliance with OHSAA academic standards and my eligibility. I accept full responsibility for compliance with Bylaw 4-4, Scholarship, and the passing five credit standard expressed therein.

 I understand all concussions are potentially serious and may result in complications including prolonged brain damage and death if not recognized and managed properly. Further I understand that if my student is removed from a practice or competition due to a suspected concussion, he or she will be unable to return to participation that day. After that day written authorization from a physician (M.D. or D.O.) or another health care provider working under the supervision of a physician will be required in order for the student to return to participation.

 I have read and signed the Ohio Department of Health's [Concussion Information Sheet](#) and have retained a copy for myself.

 I have read and signed the Ohio Department of Health's [Sudden Cardiac Arrest Information Sheet](#) and have retained a copy for myself.

 By signing this we acknowledge that we have read the above information and that we consent to the herein named student's participation.

Ohio Department of Health Concussion Information Sheet

For Interscholastic Athletics

Dear Parent/Guardian and Athletes,

This information sheet is provided to assist you and your child in recognizing the signs and symptoms of a concussion. Every athlete is different and responds to a brain injury differently, so seek medical attention if you suspect your child has a concussion. Once a concussion occurs, it is very important your athlete return to normal activities slowly, so he/she does not do more damage to his/her brain.

What is a Concussion?

A concussion is an injury to the brain that may be caused by a blow, bump, or jolt to the head. Concussions may also happen after a fall or hit that jars the brain. A blow elsewhere on the body can cause a concussion even if an athlete does not hit his/her head directly. Concussions can range from mild to severe, and athletes can get a concussion even if they are wearing a helmet.

Signs and Symptoms of a Concussion

Athletes do not have to be “knocked out” to have a concussion. In fact, less than 1 out of 10 concussions result in loss of consciousness. Concussion symptoms can develop right away or up to 48 hours after the injury. Ignoring any signs or symptoms of a concussion puts your child's health at risk!

Signs Observed by Parents of Guardians

- ◆ *Appears dazed or stunned.*
- ◆ *Is confused about assignment or position.*
- ◆ *Forgets plays.*
- ◆ *Is unsure of game, score or opponent.*
- ◆ *Moves clumsily.*
- ◆ *Answers questions slowly.*
- ◆ *Loses consciousness (even briefly).*
- ◆ *Shows behavior or personality changes (irritability, sadness, nervousness, feeling more emotional).*
- ◆ *Can't recall events before or after hit or fall.*

Symptoms Reported by Athlete

- ◆ *Any headache or “pressure” in head. (How badly it hurts does not matter.)*
- ◆ *Nausea or vomiting.*
- ◆ *Balance problems or dizziness.*
- ◆ *Double or blurry vision.*
- ◆ *Sensitivity to light and/or noise*
- ◆ *Feeling sluggish, hazy, foggy or groggy.*
- ◆ *Concentration or memory problems.*
- ◆ *Confusion.*
- ◆ *Does not “feel right.”*
- ◆ *Trouble falling asleep.*
- ◆ *Sleeping more or less than usual.*

Be Honest

Encourage your athlete to be honest with you, his/her coach and your health care provider about his/her symptoms. Many young athletes get caught up in the moment and/or feel pressured to return to sports before they are ready. It is better to miss one game than the entire season... or risk permanent damage!

Seek Medical Attention Right Away

Seeking medical attention is an important first step if you suspect or are told your child has a concussion. A qualified health care professional will be able to determine how serious the concussion is and when it is safe for your child to return to sports and other daily activities.

- ◆ *No athlete should return to activity on the same day he/she gets a concussion.*
- ◆ *Athletes should **NEVER** return to practices/games if they still have ANY symptoms.*
- ◆ *Parents and coaches should never pressure any athlete to return to play.*

The Dangers of Returning Too Soon

Returning to play too early may cause Second Impact Syndrome (SIS) or Post-Concussion Syndrome (PCS). SIS occurs when a second blow to the head happens before an athlete has completely recovered from a concussion. This second impact causes the brain to swell, possibly resulting in brain damage, paralysis, and even death. PCS can occur after a second impact. PCS can result in permanent, long-term concussion symptoms. The risk of SIS and PCS is the reason why no athlete should be allowed to participate in any physical activity before they are cleared by a qualified healthcare professional.

Recovery

A concussion can affect school, work, and sports. Along with coaches and teachers, the school nurse, athletic trainer, employer, and other school administrators should be aware of the athlete's injury and their roles in helping the child recover.

During the recovery time after a concussion, physical and mental rest are required. A concussion upsets the way the brain normally works and causes it to work longer and harder to complete even simple tasks. Activities that require concentration and focus may make symptoms worse and cause the brain to heal slower. Studies show that children's brains take several weeks to heal following a concussion.

Returning to Daily Activities

1. Be sure your child gets plenty of rest and enough sleep at night – no late nights. Keep the same bedtime weekdays and weekends.
2. Encourage daytime naps or rest breaks when your child feels tired or worn-out.
3. Limit your child's activities that require a lot of thinking or concentration (including social activities, homework, video games, texting, computer, driving, job-related activities, movies, parties). These activities can slow the brain's recovery.
4. Limit your child's physical activity, especially those activities where another injury or blow to the head may occur.
5. Have your qualified health care professional check your child's symptoms at different times to help guide recovery.

Returning to Learn (School)

1. Your athlete may need to initially return to school on a limited basis, for example for only half-days, at first. This should be done under the supervision of a qualified health care professional.
2. Inform teacher(s), school counselor or administrator(s) about the injury and symptoms. School personnel should be instructed to watch for:
 - a. Increased problems paying attention.
 - b. Increased problems remembering or learning new information.
 - c. Longer time needed to complete tasks or assignments.
 - d. Greater irritability and decreased ability to cope with stress.
 - e. Symptoms worsen (headache, tiredness) when doing schoolwork.
3. Be sure your child takes multiple breaks during study time and watch for worsening of symptoms.
4. If your child is still having concussion symptoms, he/she may need extra help with school-related activities. As the symptoms decrease during recovery, the extra help or supports can be removed gradually.
5. For more information, please refer to Return to Learn on [the ODH website](#).

Returning to Play

1. Returning to play is specific for each person, depending on the sport. *Starting 4/26/13, Ohio law requires written permission from a health care provider before an athlete can return to play.* Follow instructions and guidance provided by a health care professional. It is important that you, your child and your child's coach follow these instructions carefully.
2. Your child should NEVER return to play if he/she still has ANY symptoms. (Be sure that your child does not have any symptoms at rest and while doing any physical activity and/or activities that require a lot of thinking or concentration).
3. Ohio law prohibits your child from returning to a game or practice on the same day he/she was removed.
4. Be sure that the athletic trainer, coach and physical education teacher are aware of your child's injury and symptoms.
5. Your athlete should complete a step-by-step exercise-based progression, under the direction of a qualified healthcare professional.
6. A sample activity progression is listed below. Generally, each step should take no less than 24 hours so that your child's full recovery would take about one week once they have no symptoms at rest and with moderate exercise.*

Sample Activity Progression*

Step 1: Low levels of non-contact physical activity, provided NO SYMPTOMS return during or after activity. (Examples: walking, light jogging, and easy stationary biking for 20-30 minutes).

Step 2: Moderate, non-contact physical activity, provided NO SYMPTOMS return during or after activity. (Examples: moderate jogging, brief sprint running, moderate stationary biking, light calisthenics, and sport-specific drills without contact or collisions for 30-45 minutes).

Step 3: Heavy, non-contact physical activity, provided NO SYMPTOMS return during or after activity. (Examples: extensive sprint running, high intensity stationary biking, resistance exercise with machines and free weights, more intense non-contact sports specific drills, agility training and jumping drills for 45-60 minutes).

Step 4: Full contact in controlled practice or scrimmage.

Step 5: Full contact in game play.

*If any symptoms occur, the athlete should drop back to the previous step and try to progress again after a 24 hour rest period.

Ohio Department of Health Concussion Information Sheet

For Interscholastic Athletics

I have read the Ohio Department of Health's Concussion Information Sheet and understand that I have a responsibility to report my/my child's symptoms to coaches, administrators and healthcare provider.

I also understand that I/my child must have no symptoms before return to play can occur.

Sudden Cardiac Arrest and Lindsay's Law Parent/Athlete Signature Form

What is Lindsay's Law? Lindsay's Law is about Sudden Cardiac Arrest (SCA) in youth athletes. It covers all athletes 19 years or younger who practice for or compete in athletic activities. Activities may be organized by a school or youth sports organization.

Which youth athletic activities are included in Lindsay's law?

- Athletics at all schools in Ohio (public and non-public)
- Any athletic contest or competition sponsored by or associated with a school
- All interscholastic athletics, including all practices, interschool practices and scrimmages
- All youth sports organizations
- All cheerleading and club sports, including noncompetitive cheerleading

What is SCA? SCA is when the heart stops beating suddenly and unexpectedly. This cuts off blood flow to the brain and other vital organs. People with SCA will die if not treated immediately. SCA can be caused by 1) a structural issue with the heart, OR 2) an heart electrical problem which controls the heartbeat, OR 3) a situation such as a person who is hit in the chest or a gets a heart infection.

What is a warning sign for SCA? If a family member died suddenly before age 50, or a family member has cardiomyopathy, long QT syndrome, Marfan syndrome or other rhythm problems of the heart.

What symptoms are a warning sign of SCA? A young athlete may have these things with exercise:

- Chest pain/discomfort
- Unexplained fainting/near fainting or dizziness
- Unexplained tiredness, shortness of breath or difficulty breathing
- Unusually fast or racing heart beats

What happens if an athlete experiences syncope or fainting before, during or after a practice, scrimmage, or competitive play? The coach MUST remove the youth athlete from activity immediately. The youth athlete MUST be seen and cleared by a health care provider before returning to activity. This written clearance must be shared with a school or sports official.

What happens if an athlete experiences any other warning signs of SCA? The youth athlete should be seen by a health care professional.

Who can evaluate and clear youth athletes? A physician (MD or DO), a certified nurse practitioner, a clinical nurse specialist, certified nurse midwife. For school athletes, a physician's assistant or licensed athletic trainer may also clear a student. That person may refer the youth to another health care provider for further evaluation.

What is needed for the youth athlete to return to the activity? There must be clearance from the health care provider in writing. This must be given to the coach and school or sports official before return to activity.

All youth athletes and their parents/guardians must review information about Sudden Cardiac Arrest, then sign and return this form.

ASSUMPTION OF RISK AND RELEASE OF ALL CLAIMS**

ASSUMPTION OF RISK AND RELEASE OF ALL CLAIMS -- STUDENT

Name: _____ Grade: _____ Activity: _____

I acknowledge that playing, practicing or participating in any sport can be a dangerous activity involving many risks of injury. I understand that the dangers and risks of engaging in any sport include, but are not limited to, sprains, fractures, death, serious neck and spinal injuries that may result in complete or partial paralysis, brain damage, serious injury to any internal organ, and harm to other aspects of my body, my general health and my well-being. I further understand that the dangers and risks of playing, practicing or participating in any sport may result not only in serious injury, but also in a significant impairment of my future ability to earn a living, to engage in business, social and recreational activities, or to generally enjoy life.

In consideration of the Board of Education of the Fairport Harbor Exempted Village School District (hereinafter "Board of Education") permitting me to engage in all activities related to the sport identified above, including, but not limited to, trying out, playing or practicing in that sport, I hereby voluntarily assume the risk of accident, injury or damage to myself or my property. In addition, I, and on behalf of my heirs, estate, executor, administrator, and assignees, hereby voluntarily agree to waive, release, discharge, indemnify and hold harmless the Board of Education, its employees, agents, representatives, coaches and volunteers from and against any and all liability, responsibility, causes of action, claims, demands, damages, costs, debts, expenses, compensation, and/or suits at law or in equity, of any kind and nature whatsoever, for injuries or damages suffered by me that arise, directly or indirectly, by or in connection with my participation in the activity identified above or on account of or relating to any act or omission by the Board of Education, its employees, agents, representatives, coaches or volunteers, without limitation.

I further acknowledge that if I am participating in football, wrestling, baseball, or soccer, I am aware that they are violent contact sports involving even greater risk of injury than other sports.

Finally, I acknowledge and accept that all Board policies and regulations apply to me while I participate in the activity identified above, and I must also adhere to all expectations and/or coaching standards for the activity. Because of the dangers of participating in the activity identified above, I recognize the importance of following teachers' and coaches' instructions regarding playing techniques, training and other team rules, and I agree to obey such instructions. I understand that participating in the activity is a privilege and not a right, and agree that failing to abide by any Board policy, regulation, expectation or standard may result in my immediate suspension or dismissal from the team, sport or activity without appeal.

ASSUMPTION OF RISK AND RELEASE OF ALL CLAIMS -- PARENT/GUARDIAN

I, _____, am the parent/legal guardian of _____ (student) who is now enrolled in grade _____, and I acknowledge s/he desires to participate in _____ (activity). I have read the warning, assumption of risk and release signed by him/her and understand its terms. I too understand that all sports involve many risks of injury, including, but not limited to, sprains, fractures, death, serious neck and spinal injuries that may result in complete or partial paralysis, brain damage, serious injury to any internal organ, and harm to other aspects of my child's body, his/her general health and his/her well-being. I understand that the dangers and risks of playing, practicing or participating in any sport may result not only in serious injury, but also in a significant impairment of my child's future ability to earn a living, to engage in business, social and recreational activities, or to generally enjoy life.

In consideration of the Board of Education of the Fairport Harbor Exempted Village School District (hereinafter "Board of Education") permitting my child to engage in all activities related to the sport identified above, including, but not limited to, trying out, playing or practicing in that sport, I hereby voluntarily assume the risk of accident, injury or damage to my child or his/her property and give permission for him/her to participate in the aforementioned activity. In addition, I, and on behalf of my heirs, estate, executor, administrator, and assignees, and those of my child and other family members, hereby voluntarily agree to waive, release, discharge, indemnify and hold harmless the Board of Education, its employees, agents, representatives, coaches and volunteers from and against any and all liability, responsibility, causes of action, claims, demands, damages, costs, debts, expenses, compensation, and/or suits at law or in equity, of any kind and nature whatsoever, for injuries or damages suffered by me or my child that arise, directly or indirectly, by or in connection with his/her participation in the activity identified above or on account of or relating to any act or omission by the Board of Education, its employees, agents, representatives, coaches or volunteers, without limitation.

I acknowledge that, if my child is participating in football, wrestling, baseball, or soccer, I am aware that they are violent contact sports involving even greater risk of injury than other sports.

I also acknowledge that the policies, rules, and regulations for the Board of Education's activity identified above have been made available to me, that I have had an opportunity to read them, and will follow and support them. I understand that participation is a privilege and not a right, and agree if my child does not abide by any Board policy, regulation, expectation or standard, s/he may be immediately suspended or dismissed from the team or activity without appeal.
